
Unsolved episodes split by coverage: of the round-44 student's unsolved episodes, 63% got within 90% coverage at some moment. Top: original and round 44 on the final-test scenes (D051), 300 fresh scenes per shape. Bottom: round 44 and round 50 on their own, different fresh pool (D054, 200 per shape); compare round 50 only with round 44 there. Shades of each policy's colour show the same four outcomes. Data: final_tests_episodes.csv.
